Sell me smiles in blue bottles
For bad hair days!
The counter calls when burdens cross
Sell me smiles!

Swallow up!
Tears of joy stream from my numbing brain
Swallow up!
You'll turn to stone if you keep making that

You sell me fantasy!
You sell the death of me!

I love you
My new best friend
Don't leave me
Breathing parts the silence painfully
Without you here again
Ha! Ha! Ha! Ha!

Sell me smiles in blue bottles
For bad hair days!
The counter calls when burdens cross
Sell me smiles!

Swallow up!
Tears of joy stream from my numbing brain
Swallow up!
You'll turn to stone if you keep making that
Woah!

Every year ten million prescription medications are
filled incorrectly.

Calm me, numb me!
It lives my life!
Takes my control!
Writes these songs!
