Red hair running through all the small-town haze  
Fifteen virgins and 25 mistakes  
I got a problem but you just could not see

Boy with a joke why is everything a show?  
Love like you mean it or just you let it go  
We had an issue and you didn't fit in here

Think you've got a mate but there ain't no soul  
Leave the resort for this stupid hole  
I wanted to show you the things I know  
As few as they may be

You let me down  
You let me down  
I'm sorry that I had to hurt you  
You let me down  
You let me down  
There's no easy way to say goodbye

Up from Minnesota the stars you fucked around  
Jason I hear you when no one hears a sound  
We had an issue and you made your point quite clear

Hang with me one last time  
The quiet we could never achieve  
Taxi driver take me down  
To the home of the finally free
