Can you see the yellow on the road  
Lying there for quite some time  
Here my hands shaped like your hold explanation  
Helps nothing, how dare you make me cry  
I utter vows left and right and east and west  
How I'll break the circle by never being any less  
This day could quietly disappear  
Would I notice when all I see is  
Yellow, Yellow, Yellow, Yellow  
Lucky you, blind to the colours you've left behind  
Lying here for quite some time  
There's nothing real to celebrate for you or for me  
The difference now is we are alive  
(I utter vows left and right and east and west)  
I utter vows left and right and east and west  
How I'll hold mine close to me and show them  
happiness  
This day could quietly disappear  
Would I notice when all I see is  
Yellow, Yellow, Yellow, Yellow  
Hey, yellow, yellow, yellow, yellow  
Do do do do do  
Do do do do do  
Yeah  
I utter vows left and right and east and west  
How I don't care either way I really must confess  
This day has quietly disappeared  
Have you noticed, have you seen  
Yellow, yellow, yellow, yellow  
Hey yellow, yellow, yellow, yellow  
Yellow, yellow, yellow, yellow,  
Yellow, yellow, yellow, yellow  
Oh yellow, yellow, yellow, yellow  
Hey...
