It's hot outside
But it feels like it's raining in side
Tears have been made
Promises broken
Hearts torn
But I don't want anymore

Because we can do whatever we want to
If we put our heart into it
So let go
So hang on
Live life until the end
Do what your heart tells you
Not your brain
Because I can do
Whatever I want to

You feel little left out
You want to cry
That's fine
Just don't put in your way
Just try and try again
Keep on going and you'll be happy in the end

Because we can do whatever we want to
If we put our heart into it
So let go
So hang on
Live life until the end
Do what your heart tells you
Not your brain
Because I can do
Whatever I want to

So don't let go
Your dreams will be lived'
Don't let time beat you to the finish line
Put in your heart and soul
And do what you want to

Because we can do whatever we want to
If we put our heart into it

So let go
So hang on
Live life until the end
Do what your heart tells you
Not your brain
Because I can do
Whatever I want to

It's hot outside
It feels like it's raining inside
Let's try to get over it
