Fair weather days can melt the ice  
On many a cold heart till the clouds roll in  
And then you find they're frightened of the dark

Some may come and some may go  
They'll meet you high then leave you low  
But I will always be the one who cares, I'll be there

I'll be there whenever you need a friend  
Yeah, I'll be there whenever you need a friend  
I will be there baby

I may have to go in body but my soul is with you still  
When you think of me I'm by your side  
To guide you from all ill

We all need somebody who we can always run to  
And I will always be the one for you  
I'll be there

I'll be there whenever you need a friend  
Yeah, I'll be there whenever you need a friend  
I'll be there for you baby

We all need somebody who we can always run to  
And I will always be the one for you  
I'll be there

I'll be there whenever you need a friend  
Yeah, I'll be there whenever you need a friend  
I will be there baby

I'll be there whenever you need a friend  
I'll be there for you baby  
I'll be there whenever you need a friend  
I'll be there for you baby
