We got past!
The leaves fall
It's just in time!
To fly!

And after all!
We're all alone!
With worries worthless again
And after all!
Things won't fix themselves!
All around lay to waste

Long drives, close friends, cold nights
Tend to make me sing to myself, sing to myself
Small towns, old friends, crosswalks
Tend to make me sing to myself, sing to myself

When we locked eyes on your fight
Glass separates our minds, and lives
Spread arms, great concrete blindly
Fly, girl, fly
Glass saves lives

And after all!
We're all alone!
With worries worthless again

And after all!
Things won't fix themselves!
All around lay to waste

We got past!
The leaves fall!
Just in time to fly
Fly, girl, fly

When we locked eyes on your fight
Glass separates our minds, and lives

We got past!
The leaves fall
Worries worthless again!

Just in time to fly!
Sit around and lay to waste

When we locked eyes on your fight
