hey, this is why im here to stay
an i remeber what you did to me
you took me apart
you broke ma heart
hey yeahh

i wont forgot the things you said
you made it worse for me instead
an ill remember how you do it
when you try an get into ma head

an NOW! you go around playin these games
when i dont say if im here to stay
got ma hand on ma heart
rememberin how you tore it apart yeahh

now baby this is where the game ends
you gotta understand me
an look where it might land me yeahh

you think am playin n you no its the truth
nothin else wud be as bad as what you did
an im stuck on the same question now
ohh
i cant believe you n me we are fallin to pieces yeahh

an NOW! you go around playin these games
thinkin your messin wid ma brain
got ma hand on the mirror an sooner or later
the truth is gonna come out ohh

oohh oohh yeahh owooh oo wooowhoo yeah yeah
