Something tells me somethings going to happen  
tonight  
I've read in the papers that gemini people will make it  
tonight  
Stars will be shining my sign is alining with love  
So come on and make it lets take everything that we've  
been dreaming of

Oh baby some thing tells me somethings going to  
happen to you  
The smile on my face is the smile you were wearing a  
moment or two  
So get it together you see it's gonna be alright  
Something tells me somethings gonna happen tonight

Oh i woke up this morning with sunshine through my  
window  
Everything that's happened so far has turned out right  
And i got every reason to feel it's goin better  
It's getting better every minute wait till we meet tonight

Oh baby some thing tells me somethings going to  
happen to you  
The smile on my face is the smile you were wearing a  
moment or two  
So get it together you see it's gonna be alright  
Something tells me somethings gonna happen tonight

Oh i woke up this morning with sunshine through my  
window  
Everything that's happened so far has turned out right  
And i got every reason to feel it's goin better  
It's getting better every minute wait till we meet tonight

Oh baby some thing tells me somethings going to  
happen to you  
The smile on my face is the smile you were wearing a  
moment or two  
So get it together you see it's gonna be alright  
Something tells me somethings gonna happen tonight

Oh baby some thing tells me somethings going to  
happen to you  
The smile on my face is the smile you were wearing a  
moment or two  
So get it together you see it's gonna be alright  
Something tells me somethings gonna happen tonight

Something tells me somethings gonna happen tonight
