Do do do do do  
Do do do do do

Something strange, going on around here  
Why you've been acting like you're just fifteen  
Why the hell, are you staring out the window  
Watching and waiting till your coffee goes cold?

Baby I'm no genius  
But I know that something ain't right

Who the hell are you?  
(Too cool, you ain't Mr. Right)  
Where the hell are you?  
(You're missing every night)  
Now who's kidding who?  
(Don't stop less you wanna fight)  
Stop living a lie  
(Stop living a lie)

I slap your face, just to make it real clear  
There's something missing but you've no idea  
What it takes, to treat me like a lady?  
Look in the mirror, it becomes so clear

Baby I'm no genius  
But I know that something ain't right

Who the hell are you?  
(Too cool, you ain't Mr. Right)  
Where the hell are you?  
(You're missing every night)  
Now who's kidding who?  
(Don't stop less you wanna fight)  
Stop living a lie  
(Stop living a lie)

You're out missing every night  
You know I'm love to fight  
You're out missing every night

Stay out of my water, plenty fish in the sea

And keep it out of my face, quit bugging me  
And I know what I like, I don't like you very much  
There's one thing you can do, stay out of touch  
Quit bugging me

Who the hell are you?  
(Too cool, you ain't Mr. Right)  
Where the hell are you?  
(You're missing every night)  
Now who's kidding who?  
(Don't stop less you wanna fight)  
Stop living a lie  
(Stop living a lie)

You're out missing every night  
You know I'm love to fight

I don't, I don't need you  
I don't, I don't need you  
I don't, I don't need you
