I could walk on water
I could walk on water

Another day
Moving slow
Nothing's going the way I hope
I lose my grip
I just can't take it
Don't know where I should turn
But somehow you know all the answers
On levitating above

I could walk on water
And do anything
You give me all the things I need
I could walk on water
No ocean too deep
We doin my life my feel
I could walk on water

Whenever dreams see too far
Again I have to begin from the start
Persuaded don't want no more
I look for places too high
But somehow you know all the answers
Turning night to day

I could walk on water
And do anything
You give me all the things I need
I could walk on water
No ocean too deep
We do it my life my feel
I could walk on water

It's a miracle
You know all the answers
On levitating above

I could walk on water
And do anything

You give me all the things I need
I could walk on water
No ocean too deep
We doin my life my feel
I could walk on water
