I'm gonna make you weightless  
I'm gonna make you weightless  
I wanna watch you fly to the sky tonight

I know just what you want  
Cuz I've been living inside your dreams  
I am all you ever needed  
And more if you want me to

Cuz I can take you higher  
Come dance with me  
We'll watch the sun come down together  
Cuz I will be your everything

I'm gonna make you weightless  
I wanna watch you fly to the sky tonight  
I'm gonna make you fearless  
I'll be there, I'll be there  
When you come to life again

We'll be careless and free  
Just you and I and no dos and don'ts  
One chance in a lifetime  
To do exactly what you want

Time is here for you  
Time is here for you  
You and the dream  
Dream that you could be  
And you could be just anything

I'm gonna make you weightless  
I wanna watch you fly to the sky tonight  
I'm gonna make you fearless  
I'll be there, I'll be there  
When you come to laugh again

You will be weightless  
I wanna watch you fly to the sky tonight  
I'm gonna make you weightless  
I'll be there, I'll be there

When you come into my life again

I'm gonna make you fly  
I'm gonna make you fly  
I'm gonna take you higher  
Weightless...

You'll be weightless with me  
You'll be fearless with me  
You'll be...  
You'll be weightless with me  
You'll be fearless with me  
You'll be weightless with me

I'm gonna make you weightless  
I wanna watch you fly to the sky tonight  
I'm gonna make you fearless  
I'll be there, I'll be there  
When you come to laugh again

I'm gonna make you weightless  
I wanna wa
