Farewell the days
Come melt the ice on many a cold heart
Till the clouds roll in
And then you'll find, they're frightened of the dark

Some may come and some may go
They meet you high then leave you low
But I will always be the one who cares
I'll be there

I'll be there
Whenever you need a friend
Yeah, I'll be there
Whenever you need a friend
I will be there baby

I may have to go in body
But my soul is with you still
When you think of me
I'm by your side to guide you from all ill

We all need somebody who
We can always run onto
And I will always be the one for you
I'll be there

I'll be there
Whenever you need a friend
Yeah, I'll be there
Whenever you need a friend
I will be there for you baby

We all need somebody who
We can always run onto
And I will always be the one for you
I'll be there

I'll be there
Whenever you need a friend
Yeah, I'll be there
Whenever you need a friend
I will be there baby

I'll be there whenever you need a friend
I'll be there for you baby
I'll be there whenever you need a friend
I'll be there for you baby
