Something tells me something's gonna happen tonight
I read in the papers that gemini people will make it
tonight
Stars will be shining my sign is aligning with love
So come on and make it, let's take everything that
we've been dreaming of

Oh baby, something tells me, something's gonna
happen to you
The smile on my face is the smile you'll wear in a
moment or two
So get it together, you see it's gonna be alright
Something tells me something's gonna happen tonight

Oh I woke up this morning, with sunshine through my
window
Everything has happened, so far has turned out right
And I got every reason to feel it's getting better
It's getting better every minute, waiting till we meet
tonight

Oh baby, something tells me, something's gonna
happen to you
The smile on my face is the smile you'll wear in a
moment or two
So get it together, you see it's gonna be
alright
Something tells me something's gonna happen tonight

Oh I woke up this morning, with sunshine through my
window

Everything has happened, so far has turned out right
And I got every reason to feel it's getting better
It's getting better every minute, waiting till we meet
tonight

(Something tells me something's gonna happen
tonight)
(Something tells me something's gonna happen
tonight)

Oh baby, something tells me, something's gonna

happen to you
The smile on my face is the smile you'll wear in a
moment or two
So get it together, you see it's gonna be alright
Something tells me something's gonna happen tonight

Oh baby, something tells me, something's gonna
happen to you
The smile on my face is the smile you'll wear in a
moment or two
So get it together, you see it's gonna be alright
Something tells me something's gonna happen tonight
