Free up your mind

Hey you over there, know you gotta problem but don't
despair
See me, I had no soul till I found myself with the rock 'n
roll
There must be something that you're longing to be
Give in to the rhythm, let the music free up your mind

Let the music free up your mind and it will help you
define
'Cause it will give you a sign, oh let the music free up
your mind
Free up your mind

Hey you over there, don't wanna hear the reasons
'cause I don't care
See me, believe in you, gotta help yourself, whatcha
gonna do?
There must be something that you're longing to say
Give in to the rhythm, let the music free up your mind

Let the music free up your mind and it will help you
define
'Cause it will give you a sign, oh let the music free up
your mind
Free up your mind

Hey you, hey you, hey you, hey you, hey you
Hey you, hey you, free up your mind

Hey you over there, know you gotta problem but don't
despair
See me I had no soul till I found myself with the rockin'
rock 'n roll
Rock & roll

Let the music free up your mind and it will help you
define
'Cause it will give you a sign, oh let the music free up
your mind
Free up your mind

Hey you, hey you, hey you, hey you, hey you

Let the music free up your mind and it will help you
define

'Cause it will give you a sign, oh let the music free up
your mind

Free up your mind

Let the music free up your mind and it will help you
define

'Cause it will give you a sign, oh let the music free up
your mind

Free up your mind, free up your mind
