It was a normal day
I was hungover, but anyway...
You came over to my best friend's place
Was the first time that I saw your face
And from that day on
I would think about you all day long
And I wondered, could it ever be
Or was this just all a fantasy
Of you in my head, in my bed

Jamison-are you gonna make a move on me
I'll be your back set queen
You know what I mean

I saw you at a show
Caught you staring at me with that glow
You got shy and turned your head away
There's so many things I want to say
Bite my lips, close my eyes
Soon you will realize

Jamison-are you gonna make a move on me

I'll be your back set queen
You know what I mean
Oh, Jamison, I really want to blow your mind
So, come on set me free
Your love holds the key

'Cause we're spinnin in circles tonight

So some time went by
Saw you at a party, you said hi
Said you didn't want to be alone
Next thing I knew you finally took me home
I was drunk so you stole my keys
Showed me the birds and bees

Jamison-are you gonna make a move on me
I'll be your back set queen
You know what I mean

Oh, jamison, you know we really had a real good time
But I've got company, so please return my keys
