Leave, live in the ocean
Leave, live in the south
We live in California
Live off everyone

And we are waiting
On the big wave to come
Climb the sky's pretty places
Sci-fi people with strange faces
Everything you could imagine
Waits right here
For you

Make us into something
Give us what we want
Make our bodies perfect
Sell it on the ____

And we are waiting
On our big break to come
Climb the sky's pretty places
Sci-fi people with strange faces
Everything you could imagine

Waits right here
Shut the ____ into prizes
Everyone with their disguises
Everything you could imagine
Waits right here
For you

And we are waiting
For our chance to clear
Climb the sky's pretty places
Sci-fi people with strange faces
Everything you could imagine
Waits right here
Shut the ____ into prizes
Everyone with their disguises
Everything you could imagine
Waits right here
It waits right here

It waits right here
For you
