It's a long way to here
From where you hide, my dear
Crawl to me
If I made your mistake
Could I stand? Would I break?
Crawl to me

All your smoke and your mirrors obscured reality
I'm cured, now crawl

Baby, you beg for me
You'll never get to me
Giving your debt to me
Did you think you could last again
When you are last again
That isn't happenin'
Did you think to forgive again
Think we could live again
You weren't listenin' at all
Now crawl to me

Then the light from your shame
Called my bluff, called my name
Crawl to me
Do you dare still deny
What I've seen with my eyes
Crawl to me

And you're crossing a bridge as it burns
Til' finally I'm concerned, now crawl

Baby, you beg for me
You'll never get to me
Giving your debt to me
Did you think you could last again
When you are last again
That isn't happenin'
Did you think to forgive again
Think we could live again
You weren't listenin' at all
Now crawl to me

I bet, I bet you will return
One step, one step left, you will learn
You will learn

Baby, you beg for me
You'll never get to me
Giving your debt to me
Did you think you could last again
When you are last again
That isn't happenin'
Did you think to forgive again
Think we could live again
You weren't listenin' at all
Now crawl to me

Baby, you beg for me
You'll never get to me
Giving your debt to me
Did you think you could last again
When you are last again
That isn't happenin'
Did you think to forgive again
Think we could live again
You weren't listenin' at all
Now crawl to me
