Always I'll be yours and you'll be mine  
You and me beyond the reach of time  
Leave an open window when you go  
Try to empty sadness from your soul

If your sorrow ends tomorrow  
That's my love and it's telling you to begin  
You're only feeling human  
Breathe it through and head to the light again

Ooh ooh, ooh ooh  
You've got your life to live  
Ooh ooh, ooh ooh  
Let it go, and don't let lonely grow

Love is never over when it's done  
And tears already drying as it runs  
So keep your pictures close and close the door  
Our yesterdays will live forever more

If your sorrow ends tomorrow  
That's my love and it's telling you to begin  
You're only feeling human  
Breathe it through and head to the light again

I already know  
I already know  
I already know  
I already know, I already know  
So don't let lonely grow, mmm

If your sorrow ends tomorrow  
That's my love and it's telling you to begin  
You're only feeling human  
Breathe it through and head to the light again
