And it goes like this
Yeah yeah
Yeah yeah
Yeah yeah
Yeah yeah

I can't tell you why
But I can't stop thinking about you baby
Oh yeah
Don't you think it's time
I walked around every word you're saying
Oh yeah (yeah)

Trying hard to figure out
Tell me what it's all about
Cuz I don't want to freak you out
Freak you out
Freak you out

I want to know
Know where you're at
I'm at the front
But baby you're still at the back
Oh, can you tell me where it's at
I gotta know
Know where you're at
I'm all alone waiting for you to ask
Oh, can you tell me where
Tell me where it's at

It seems like when we talk
You haven't heard a single word I'm saying
Oh yeah
I'm over here so listen up
Sit back tune in
Pick it up
Yeah
I'm just waiting here

Trying hard to figure out
Tell me what it's all about
Cuz I don't want to freak you out

Freak you out

I'm trying hard to figure out
Tell me what it's all about
What it's all about

I want to know
Know where you're at
I'm at the front
But baby you're still at the back
Oh, can you tell me where you're at
I gotta know
Know where you're at
I'm all alone waiting for you to ask
Oh, can you tell me where
Tell me where you're at

Freak you out
Freak you out
Freak you out
Freak you out
Freak you out
Freak you out
Freak you out

Didn't I try to let you know
Didn't I try to tell you so
Yeah, yeah, yeah

Yeah yeah
Yeah yeah
Yeah yeah
Yeah yeah

I want to know
Know where you're at
I'm at the front
But baby you're still at the back
Oh can you tell me where
Tell me where it's at

(I want to know)
Can you tell me where it's at
(I want to know)
Can you tell me where it's at
(I want to know)
Can you tell me
(I want to know)
Tell me

I want to know

Know where you're at
I'm at the front
But baby you're still at the back
Oh can you tell me where you're at
I gotta know
Know where you're at
I'm all alone waiting for you to ask
Oh, can you tell me where
Tell me where you're at

Freak you out
Freak you out
Freak you out
Freak you out
Freak you out
