Ooh-ooh-ooh-ooh-ooh
(Ooh)

You gave me something more
More than I've ever felt before
We could be falling in love
Oh baby
I can picture you and me
More than coming closer

Just a little more time and
Just a little less thinking
Just a little more time is all that I need
Just a little believing
Just a little more breathing
Let's give it time

Ooh-ooh-ooh-ooh-ooh
(Ooh)

I can picture you and me
More then coming closer
Just a little more time and
Just a little less thinking
Just a little more time is all that I need
Just a little believing
Just a little more breathing
Let's give it time

Ooh-ooh-ooh-ooh-ooh
(Ooh)
