I see that you wanna get lost inside me
Too many words
People say too many things
They take you away
Whether you wanna go
Let it all sadden
Drown your tears in my pettled hair

They're just words
(Just words, you can say anything)
So talk to me
(I swear they won't hear you)
I promise no one else will hear
They're just words
(Just tell me your fears and your dreams)
It won't hurt me
(Won't hurt me, don't worry)
So if you wanna say something
Just say it, say it to me

Whisper to me in the voice
The one that's only heard by me
Tell me all the things you only told me in your dreams
Whatever you say
I won't leave
I won't judge you for what you believe
Be it good or bad
It's all the same to me

They're just words
(Just words, you can say anything)
So talk to me
(I swear they won't hear you)
I promise no one else will hear
They're just words
(Just tell me your fears and your dreams)
It won't hurt me
(Won't hurt me, don't worry)
So if you wanna say something
Just say it, say it to me

Oh yeah

So baby just scream and shout
Anything to get it out
Maybe even throw things
Hurt my feelings
Zip it up, said enough
But you know it's not enough
Don't you know by now
Forgiveness, it's a steal
They're just words

They're just words
(Just words, you can say anything)
So talk to me
(I swear they won't hear you)
I promise no one else will hear
They're just words
(Just tell me your fears and your dreams)
It won't hurt me
(Won't hurt me, don't worry)
So if you wanna say something
Just say it, say it to me

Say it to me
Words...
Words...
Words...
Say it to me
Say it to me
