Dedicated to my good friend Renee

I always tried  
But you kept wanting more  
You always said that  
I needed to be perfect  
And when I asked to go out  
You gave me an abrupt no  
You said to get what I want  
I needed to be better  
But I try my hardest  
And deserve what I'm after  
You kept calling me dumb  
You kept calling me stupid  
You never saw the real me  
Through those eyes  
But now it's time to open them up  
And see who I am

I just gotta go  
Gotta get out of here.  
I need to get away  
And get out of town.  
I need to be alone  
For just a day or two  
I just gotta go  
Gotta get out of here.

Why did you do  
All the things you did to me?  
Why did you have to cut my hair  
When I was sleeping?  
Why did you have to call the police  
When it was just a friend?  
I'd like to know how you could be  
So cruel to me.

I always held back  
The tears of pain  
You never knew  
How I really felt  
I could have a better life

If you weren't involved  
What makes you so mad?  
I like to really know.

I just gotta go  
Gotta get out of here.  
I need to get away  
And get out of town.  
Life's too short  
For me to live this way.  
I just gotta go  
Gotta get out of here.

I go through enough  
In the middle of school  
Then you make it harder  
When I am home  
I won't be surprised if you make me  
Study 'till I die  
I won't be surprised  
If you make me cry  
I just wanna have a good time  
Before I'm an adult.

How could you  
Do all those things to me?  
I'm a straight A student and  
that's not enough.  
You always expect me  
To do better than Awesome  
You consider an A as an F  
Unless there's a plus beside it.

Someday I won't be under  
Your control.  
I'll be myself and  
Get to do what I want.  
I'm gonna be away from this prison  
Soon enough.  
I hope you understand  
You can't treat me like this forever.

I'm just gonna go  
I'm gonna spread my wings  
I'm gonna find a place  
Where I can be myself  
You and mom have taught me well  
Now it's time for me to be on my own.

I know I can do it  
Just trust me on this

Open your eyes and see  
That I'm ready.  
I can take care of myself  
From here on end  
Thank you for teaching me  
How to defend.  
Now goodbye  
It's time for me to go  
I'll see you soon  
When I come back home.

I just gotta go  
Gotta get out of here  
I need to get away  
And get out of the state  
I can't believe it's finally  
Happening now.  
I'm leaving home and  
I'm as happy as ever.  
Thank you lord  
For there not to be  
A dissaster.  
I going now  
Going where I wanna go.  
I'm finally out of there!  
Finally out of there.
