The second star to the right  
Shines in the night for you

To tell you that the dreams you plan  
Really can come true

The second star to the right  
Shines with a light that's rare

And if it's Never Land you need  
It's light will get you there

Twinkle, twinkle little star  
So I'll know where you are

Gleaming in the skies above  
Lead me to the world I love

And when our journey is through  
Each time we say "Goodnight"

We'll thank the little star that shines  
The second from the right

And when our journey is through  
Each time we say "Goodnight"

We'll thank the little star that shines  
The second from the right
