I don't think he understands
I don't think he's a real man
He's probably not because he's so stupid
I don't know what to do now.

Does he really love me?
I don't think so.
If he did he wouldnt've cheated?
I didn't think you would've done it
I thought you said you loved me.

[Chrous]
You can try to apologize
But "sorry" won't cut it
I was there for you
And you took advantage
I didn't think i was ready
But now i know...
You wern't the right guy.

I have found better guys
In my whole lifetime
They would care for me
Unlike you did.
This is the only time
I can express my feelings.
This is the only way
You'll listen to what I say
And i'm saying that you wern't right.

I've always wondered why boys are so dumb.
Why guys are such idiots
Why men are so stupid.
Now let me tell you a secret:
I was there for you,
I trusted you,
I was hoping you would care for me they way i did you.
But i was so wrong
You don't love me at all.
And now my heart is broken
For the first time ever.
How can you call me your girlfriend

When there is another.
I won't put up with that.

Don't tell me you love me.
Don't give me that crap.
I don't deserve to be treated like this.
No girl does.
You deserve what your getting
You didn't see it coming
But now i understand,
You never loved me.

[Chrous]
You can try to apologize
But "sorry" won't cut it
I was there for you
And you took advantage
I didn't think i was ready
But now i know...
You wern't the right guy.

I have found better guys

They would care for me
Unlike you did.
This is the only time
I can express my feelings.
This is the only way
You'll listen to what I say
And i'm saying that you wern't right.

[Spoken]
Lemme tell you something,
You deserve what you are getting
Don't tell me you love me,
Don't say i'm your girlfriend,
Just get out of my life
I never want to see you again.

Sorry boy,
But we are through.
Yes,
I am breaking up with you.
It's your turn to know what you put me through,
I can say that you wern't right.

I've had a better guy,
One of the sweetest in the world.
He's been my crush for as long as time.
And we're getting together tonight
I know he won't treat me like you.

Do unto others,
As you'd do unto yourself.
That's a saying that I strongly live by
And now that I'm broken
I go by it stronger.
And I think it's true.

You really think
You know us girls,
You know our feelings
And our weaknesses
But we can be tough
And we can get along just fine without you.

You really thought that you would win,
But this time you cannot try again.
I'm ending it now,
Before it happens again.
You didn't see it coming,
You don't think it true.
You've better have learned your lesson
Because if you haven't then you'll go through this again
And again until you learn.
That we may seem innocent and weak
But let me tell you...
That you need to skip that beat
Because we can crush you guys
Like a bug
Whenever you do something wrong.

Sorry boy,
But we are done.
Yes,
You really weren't the one.
I hope you feel the way I did
Now you can say that you were wrong.
Because boy guess what...
We're through!

[Thoughtfully]
Now that's sure to knock some sense into you.
