I couldn't catch a ride, I tried
So I was walkin'
Started rainin' when you called to tell me
You were flakin' out again

I only had a buck
Not enough to get a latte
So I sat down at a table
And I thought about you instead

I'd have to be a fool to believe
Every word you said

And I don't wanna be your dummy
I cut the strings and I'm free, honey
I don't want your fast-life
Or your money or your time

So stuck on yourself, it's funny
Hangin' with you feels so crummy
So I don't wanna be your dummy
Da dummy, da dummy

Walkin' through the mall
With all the carbon copies
You're showin' off, screamin' on your cell phone
I wonder, why I didn't see it then

You spend hours and hours tryin'
To make your hair look sloppy
You spend hundreds of dollars
On a T-shirt that you wear for the week it's 'In'

Now, that were apart I wonder
If you miss a thing

And I don't wanna be your dummy
I cut the strings and I'm free, honey
I don't want your fast-life
Or your money or your time

So stuck on yourself, it's funny

Hangin' with you feels so crummy
So I don't wanna be your dummy
Da dummy, da dummy

And if your askin' then the last thing
I wanna be is a puppet on a string
You're unbelievable, it's inconceivable
If you think, I'll let you make a fool of me

And I don't wanna be your dummy
I cut the strings and I'm free, honey
I don't want your fast-life
Or your money or your time

So stuck on yourself, it's funny
Hangin' with you feels so crummy
So I don't wanna be your dummy
Yes dummy, no dummy
