Emma Roberts
"If I Had If My Way"

Oh Yeah
Whoa
I look around and see the possibilities
you know it's fun to be me
Never fit the crowd
Nothing gets me down
Never scared to dddream
and if I hear something can't be done
I'm gonna prove them wrong
make everybody pay be-lieve
That If I had the chance I could change it (oh oh)
That's what I am ready to see

(Chorus:)
If I had it my way
I would make new rules, that sounds cool
People say I am crazy they don't understand who I am
If I had it my way
I would change the world, just one girl
If I had it my way
(yeah Who yea)

I've gotta buzz in me
That no one sees
It's in the attitude
(yeah)
I am gonna find away
No matter what they say

I do what I gotta do

Cuz when I hear something can't be done
That only makes me strong
It happens every (day) time
I can take a situation going wrong (yeah)
and make it turn alright

(Chorus)

nanah nanah nanah nah
I can do anything (anything)
nanah nanah nanah nah

just watch me

If I had it my way I would make new rules (yeah)
That sounds cool (whoOo)
People say I am crazy they don't understand who I am
If I had it my way
I could change the world (oh yeah)
just one girl
If I had it my way

(Chorus until fade)
