Knowing the great Thinkin' the hate
Feelin' the love
Feeling the pain

Its getting around and I'm getting the disease
My life is so complicated
and my love for you turned to hatred

Knowing the great and thinking the hate
Feelin' the love, and feelin the change
knowin' the hate, and thinkin the great, feelin the love,
and feelin the change
She thought I had a good life,
But all the time was a bad time
I know I love you.....
yeah, yeah, yeah, yeah,
