"No Tears"

Looking at our favorite
T.v show.
It makes me remember
The fun times we use
To have all at once.

But when I seen your face
I get caught up in my
Place.
I wounder do you still
Love me.

(Chorus)
It looks like there gonna
Be tears falling down.
When you left there was
No tears.
But when I looked at your
Face it makes me wanna just
Cry.
But there no tears when you
Left cause you took them from
Me.

I remember the time when we
First fell in love with each
Other.

You had sparkly eye that
Made me wanna just sit
There and chat all
Night.

(Chorus)
It looks like there gonna
Be tears falling down.
When you left there was
No tears.
But when I looked at your
Face it makes me wanna just
Cry.
But there no tears when you

Left cause you took them from
Me.

Boy it was hurtful to see you
Walk out that door.
Now when I see your face
Makes me wanna hit the girl
Who has my place.

Cause I still love you and I
Can see you don't love me
Anymore.
I guess there no going back
To were we where be for.

(Chorus)
It looks like there gonna
Be tears falling down.
When you left there was
No tears.
But when I looked at your
Face it makes me wanna just
Cry.
Now they are comming down
My cheeks as I say I love
You...
And you just look as you walk
Away.
But I have to tell you there
Was no tears when you left.
