Now the streets are cold tonight
Cops are looking for another fight
Fairfax is a dirty town
I spend six years after moving around

Maybe I gave you a scare
Outside the coffee shop with all your friends there
I can't be alone tonight
Throw your coffee in my face, that's right

You're so pretty, you're so pretty
You're so pretty, pretty

Saw you at the Planet last night
On the dance floor 'neath the crimson light
He was dancing walls around you
You can be a prisoner on the outside too

He was staring at that mirror put there
At the highlights in your deep breath red hair

Do you like those shell green eyes?
Just rub your hands against a girl white thigh

You're so pretty, you're so pretty
You're so pretty, pretty

Saw you on the back deck last night
I could tell you two were having a fight
You look to those shell green eyes
He's begging you to change your mind

I know you really like your red hair
'Cause he was crying to the thin black cold air
You had a certain glow last night
Laughing with your friends as you drove outta sight

You're so pretty, you're so pretty
Girl, you're so pretty, you're so pretty
Girl, you're so pretty, you're so pretty
Girl, you're so pretty, you're so pretty
You're so pretty
