"Dust"

On the road they go, on the road they go
On the road they go, with dust
Silent tears they cry, who got left behind
And their homes and lives are crushed
By those who walk with dust

We don't see the sky
And we don't feel the ground
From the thunder? Fall like the rain
It comes down just the same
And we wonder, wonder, wonder

Oh no what have we done
Oh no we are gone
With the dust

For a while we hope
that this time we'll grow
For a while we show our trust
Then it comes again
Here it comes our friend
Here it lays again, the dust
And those who lost their trust

We don't see the sky
And we don't feel the ground
From the thunder? Fall like the rain
It comes down just the same
And we wonder, wonder, wonder

Oh no what have we done
Oh no we are gone
Oh no what have we done
Oh no we are gone

We don't see the sky
And we don't feel the ground
From the thunder? Fall like the rain
It comes down just the same
And we wonder, wonder, wonder

Oh no what have we done
Oh no we are gone
Oh no what have we done
Oh no we are gone
With the dust
