You cry with dragons girl
You live in a wounded world
Eileen, Eileen, Eileen

Shreds fly so nicely here
Shreds fly tonight I fear
Eileen, here, Eileen

Your trust is anyone's
Your heart is anyone's
Eileen, Eileen, Eileen

And now you pray to Maria
And now you pray to Maria

Come home
Come home
Come home Eileen, come home

Sky sets in evil tones
Wind gathers and it moans
Eileen, Eileen, Eileen

Vultures are on the rise
Vultures are in your sky
Eileen, Eileen

Come home (come home)
Come home (come home)
Come home Eileen, come home
(2x)
