We will teach them not to mistake our kindness for
weakness

A search for honesty is right before our hands
And I'll do anything to inspire those who feel
brotherless

I know this message will reach few
But what can I do?

This is the only war I wage

I am prepared to fight

With everything I've got

Just to prove I'm right

You'll grow a thirst for truth

After tonight

This is the only war I wage

The only war worth fighting for

I know this message will reach few

But what can I do?

There simply is no saving you

Stand on your feet and fight
