

## Emmy Rossum "Stay"

Hush now  
Close out the lies  
No need to speak  
Time will slow  
When we surrender  
Whisper soft  
Over the edge

Head rush  
Are you still breathing  
Shiver  
Taking me higher

CHORUS

Stay  
Darkness takeover now  
Stay  
No thinking twice  
Stay for tonight  
The sound of your heart  
Racing faster for me  
Is what will save me  
Whisper soft  
Anticipating  
This eclipse  
Pulling you closer  
Melting now  
Covered in silk  
Letting go  
Into the stillness

Head rush  
Careful don't drop me  
Shiver  
Taking me higher

CHORUS

Memorize every moment  
Breath  
Letting this love take you over

Breath  
Just breath  
And stay

CHORUS

Stay...
