There he goes gone again
This same old story's gotta come to an end
Lovin' him was like a one way street
But I'm gettin' off where the crossroads meet.

It's a quarter moon in a ten cent town
It's time for me to lay my heartaches down
Saturday night I'm gonna make myself a name
Take a month of Sundays to try and explain.

It's gonna be easy to fill the heart of a thirsty woman
Harder to kill the ghost of a no good man
And I'll be ridin' high
In a fandangled sky.

It's gonna be easy, it's gonna be easy
It's gonna be easy from now on.

--- Instrumental ---

Raw as a whip but clean as a bone
Soft to the touch when you take me home
When the morning comes and it's time for me to leave
Don't worry 'bout me, I've got a wild card up my sleeve.

It's gonna be easy to fill the heart of a thirsty woman
Harder to kill the ghost of a no good man
And I'll be ridin' high
In a fandangled sky.

It's gonna be easy, it's gonna be easy
It's gonna be easy from now on...
