God knows how I love you
Like a user needs a drug
And I'll never be free of ya
You are poison in my blood

I tried to swim that river
And get to higher ground
But I've been three times under
The next one'll see me drown

But I don't want to talk about it now
I don't want to talk about it now
I don't want to talk about it now
I wanna go down

God knows why you don't want me
No one would do the things I do
But to my grave, it's gonna haunt me
How I got down on my knees for you

You are my obsession
And the reason that I live
You already got my soul

There's nothing left to give

But I don't want to talk about it now
I don't want to talk about it now
I don't want to talk about it now
I wanna go down

I don't want to talk about it
I don't want to talk about it

The Devil is deep water, baby
And I'm in way over my head
But I'd be drawn and quartered
If I could keep you in my bed

I can't break this spell
I know the trouble that I'm in
But if I got out of the mouth of Hell

I'd walk right back again

So I don't want to talk about it now

I don't want to talk about it now

I don't want to talk about it now

I wanna go down

I wanna go down

I wanna go down
