Let's take a ride to the seaside
We can go out swimming in the high tide
Just wear your shorts and your long hair
Don't forget the lawn chair

Everybody's gone to the movies
Everybody's gone and it's groovy
They went to the one about the big war
I didn't, I'd seen it before

I guess I'm taking my chances
Giving up the ring throwing in my gloves
I guess I'm taking my chances
Trading in my things for a couple wings
On a little white dove
And one big love, one big love
(One big love, one big love)

Everybody do like a monkey
If you want to go on and be funky
No need to talk like a hero
Take a walk and count down to zero

No sense defending your honor
Just go on and kiss him if you wanna
Everything before is gone
Or going somewhere

I guess I'm taking my chances
Giving up the ring throwing in my gloves
I guess I'm taking my chances

Trading in my things for a couple wings
On a little white dove
And one big love, one big love
(One big love, one big love)

I don't know where we are and I don't care
And now we're out of gas and riding on air
And one big love, one big love
(One big love, one big love)

Let's take a ride to the seaside
We can go out swimming in the high tide
(One big love, one big love, one big love)
Everybody's gone to the movies
Everybody's gone and it's groovy
(One big love, one big love, one big love)

Everybody do like a monkey
If you want to go on and be funky
(One big love, one big love, one big love)
No need to talk like a hero
Take a walk and count down to zero
(One big love, one big love, one big love)

No sense defending your honor
Just go on and kiss him if you wanna
(One big love, one big love, one big love)

One big love
One big love
One big love
