(Bob McDill)

Who can tell just how it starts  
Angry words and broken hearts  
Till silently we sit apart  
You and I  
But in awhile the anger's gone  
And we forget who's right or wrong  
Then one of us will end it all  
With just a smile.

We believe in happy endings  
Never breaking  
Only bending  
Taking time enough for mending  
The hurt inside.

We believe in new beginnings  
Giving in  
And forgiving  
We believe happy endings  
You and I.

Just a word is all it takes  
And so it pass  
The silence breaks  
And looking back it makes us ache  
For what we've done.

And so we cling together now  
And wonder why we're oh so proud  
When all that matters anyhow  
Is our love.

We believe in happy endings  
Never breaking  
Only bending  
Taking time enough for mending  
The hurt inside.

We believe in new beginnings

Giving in  
And forgiving  
We believe in happy endings  
You and I...
