You are screaming, you are dead in pieces you don't
know what to do,
But the Angels of Death come to take you you don't
want to go but
You don't have how run away they carry you as if you
was a sack of
Shit and they take you for the hell where satan will eat
you alive.
You try to fight but don't have how to escape from of
the angels of
Death they are not angels with rings they are angels
with horns.

When you arrive to the hell the only thing that you feel
It's a lot of pain but she passes fast as soon as you see
They cutting you to offer yours meat and blood to
Satan,
Don't try to scream, nobody can hear you because
You are in the kingdom of Satan, they will eat you alive,
And your head will be used for Satan drinks yourself
blood in its.

You liked that? if you liked it keep doing what you are
doing
That the next to be carried by the Angels of Death will
be you.
