For none of these fuckers will ever know, what I think as
I go. No... no not one last time. Not for me not for you.
Not for what I find may scare me more than if I stayed
blind. I've shot the pig. I've drawn the line. I've got my
nine under my shirt. Don't worry you won't get hurt. In
my head ring blood tones that make me feel less
alone. Biting nails cleaning guns Biting nails cleaning
guns

Bad boy: Now, we're forced to do extreme things,
make some money and get the fuck out of there!
