"Waiting For The Horror"

Bringing the end,
Leading the pain,
The past stops,
Waiting for the horror
Motionless suffering
Mass depression
Intrigues me, Images...
Bringing the end,
Leading the pain,
The past stops,
Waiting for...
Wait... Waiting for the horror
Waiting for the horror
Waiting for the horror oh! Oha! Yeah!
Motionless suffering
Mass depression
Image, Waiting for...
Wait... Waiting for the horror
Waiting for the horror
Waiting for the horror oh! Oha! Yeah!
Caught in death
Deep and eternal
Blood lakes emerge from your mind
Wait... Waiting for the horror
Waiting for the horror
Waiting for the horror...
Waiting for the horror oh! Oha! Yeah!
