We (we)
Hold the key (hold the key)
To the world's (the world's)
Destiny (destiny)

Have you the feeling
To shine your light
Using the power
Shining bright

Years we've been searching
What we're to be
(Whoa, whoa, whoa, oh)
All the good things, good things
We're able to see

Your heart's a fire, create for you
Love and desire, hearts of true
Mmm, ooh

Think it over (yeah) ooh
Life ain't a four leaf clover
(Oh, no it ain't) ooh
Think it over (brother) ooh
Life ain't a four leaf clover, ooh

Love is a flower
From that above
To spread it's sunshine
And make us love

Beautiful colors shining though
(Bless you, brother)
Bless you, brother
(God is watching you)
Oh, He's watching you, ooh

Think it over (oh, ho, ho), ooh
Life ain't a four leaf clover
(No, no, no, no, no, no) ooh
Think it over (you better) ooh
Life ain't a four leaf clover

Love is a flower
Let it shine on through
(Oh, whoa, whoa, whoa, oh)
Oh, you know where it's coming from
God is watching you, oh, yes, He is

Oh, listen, this is the time
(Oh, whoa, whoa, whoa, oh)
Let that flower bloom all over
You, you, you, you, ooh

We hold the key
(Brothers) to the world's
(Come together and love) destiny
(You see, it's like a
Flower sent from above)
We (let that flower bloom)
Hold the key
(All over you and me)
All the world's
(All over the world) destiny
(Do you know what I mean)

Woo, ooh, ooh...
