Can you feel them?  
Those hands around your throat  
They're cold and they're trying to kill your soul  
I know, I've been there  
At the end of my rope  
No sign of help in sight  
Lost every ounce of hope  
Can't see the Light at the end of the road  
No happy ending, nothing left to live for  
(2x)  
Even though the tears will fall  
It can't rain all the time  
Your darkest hour will not last  
Even though the tears will fall  
It can't rain all the time  
Your strength will grow as the days pass  
I speak words of experience  
I thought my life was done  
I thought I couldn't go on  
I swore I wouldn't go on  
words of experience  
I thought my life was done  
And that I could not go on  
Can't see the Light at the end of the road  
No happy ending, nothing left to live for  
(2x)  
And I can't remember the last time I cried  
Now I know I have strength inside  
(2x)  
(the breakdown)  
Even though the tears will fall  
It can't rain all the time  
(2x)  
And I can't remember the last time that I cried  
Now I know I have strength inside  
And I can't remember the last time I cried  
Now I know I have strength inside  
And I can't remember the last time that I cried
