The very concept of leadership implies
Everything I once was
Everything that you hoped I would be.
Masqueraded
Down on my knees I watched you kill me
Let's play the victim, game is murder
I'll take the gun, you take the witness.
Every time I fought back,
Every time that you left me behind
Mutilated
You killed my soul, you stole my insides
I played the game called murder
I'll take the gun, you take the witness
Goodbye
Tonight, I'm leaving you behind
Behind
Tonight, I'm saying my goodbye
Goobye
Tonight, I'm leaving you behind
Behind
Tonight I'm saying my goodbye
We'll say our last goodbye (4x)
All I've ever wanted
All I've ever needed
All you've taken from me
All I've given to you
I'm takin back
We're takin it back
Let's take it back tonight!
Goodbye
Tonight I'm leaving you behind
Behind
Tonight I'm saying my goodbye
Goodbye
Tonight I'm leaving you behind
Behind
Tonight this is our last goodbye
This is our last goodbye (2x)
We'll leave it all behind (4x)
