I don't wanna be so complicated
I wish it was due
Down in a new arrangement
I just want the fire
In my heart burning
And I wanna sing
I'll sing for you a line

[Chorus:]

I don't wanna go
I just wanna ride with you
'Cause then I know I'll be by your side
With you tonight [x2]

I live in this world that I created
I did it for you
I wish to be your love and save you
I tried to turn back the time
I've got to reach against the ages
And now I realize
You were the one I always run to
O, darling

[Chorus]

I... I'd rather think it's time we go
Oh, I'll let it go

I don't know myself
When you are not around
I won't realize
All I got until it's gone
Just let the fire, fire burn
O, darling

[Chorus]

With you
Oh why is it so newer beside (with you)
With you for all the lies (with you tonight)
Tonight [x2]
