"Inhale Exhale"

Breathe slowly, inhale exhale, a path I've already
walked, but I just can't stop.
It's too familiar, this same routine, as I live day by day,
it slowly eats at me.
My bones and my tongue ache, from my failed
attempts to make some sense,
Of why I won't let you out of my sight...

Cause' I'll never taste a love that could be as sweet as I
had with you,
So bury that trace of affection for me, and I'll force my
feet to move.

Breathe slowly, inhale exhale, but it's not me you want,
will I ever stop,
Cause' I tried to believe that you would never share this
bed with anyone but me,
But now I see, that I can't change you...
My bones and my tongue ache, from my failed
attempts to make some sense,
But I'm done trying, to make you see that...
I'll never taste a love that could be as sweet as I had
with you!
So bury that trace of affection for me, and I'll force my
feet to move!

Bury me tonight (x3)
