I can see inside of me  
Would you pardon me  
And leave me standing here  
So what do you want

What do you want from me  
Because all I've got are voices in my head

Now it's starting once again

Silence!  
They won't stop talking  
Am I strong enough to ignore them  
Silence is all I wanted  
Always safes me when I feel like falling

I'll show you everything  
Take my hand so you won't  
Get lost on the way

Simultaneously  
We will dive into a cave  
So deep no one else will ever see  
The truth of me

Now it's starting once again

Welcome to my world it's all I own

Silence!  
They won't stop talking  
Am I strong enough to ignore them  
Silence is all I wanted  
Always safes me when I feel like falling

This is going nowhere  
This is far too much  
For my heart to take it  
Sometimes I'm losing touch  
With this world I'm living in  
But I keep on fighting

To be the one I've been before  
To be me again

Silence!  
Is all I wanted  
Always saves me when I feel like falling  
Silence they won't stop talking  
Am I strong enough to ignore them
