hey, it's me I feel so sorry

I'm telling you my fairy tale

nothing but a tragic story

about an actor who's about to fail

everyone knows what it takes to

clear your mind, start once again

all alone and broken hearted

I will never love again

why won't the sun shine for me

just one ray of light helps to cure me when I'm lying in  
my bed

with all these thoughts in my head

I just want you to come back again

every heartbeat filled with sorrow

and every day the sky turns gray

a few moments are left to breathe but

I'm leaving I don't want to stay

seems like the good days are gone now

my fairy tale has faded to black

I gave you my heart you broke it

keep it I don't want it back

why won't the sun shine for me  
just one ray of light helps to cure me  
when I'm lying in my bed  
with all these thoughts in my head  
I just want you to come back again  
finally I let you go  
by the way I want to know  
can you hear me calling and would you  
answer me tonight  
All you have to understand  
that it's hard to be a different man  
Bugs everything that's falling down keeps  
crawling up again ...someday...  
why won't the sun shine for me  
just one ray of light helps to cure me  
when I'm lying in my bed  
with all these thoughts in my head  
I just want you to come back again
