I used, to split the sea with the air I exhaled from my lungs,  
Now I, can barely breathe, as my feet sink deeper, my heart grows weaker.

Bitter sweet is the taste that fills my mouth.  
I've known it now for three long years,  
I've been craving the taste of the air  
It's all I have to keep me alive.

Bring to me this air, and let it wrap it's arms around me,  
I feel it sway against my body as I smile.  
So fill these lungs, let's make this last,  
Cause' I don't know if I will ever feel this way.

Cause' I finally know, where to go and it's been here from the start  
Said, I finally know, where I'm home and it's been here from the start

I will not stop until I fill my lungs,  
I will not stop until I find my home.  
Fill my lungs now  
Fill my lungs,  
Bitter sweet is all I taste,  
Bring me back to life.

Bring to me this air, and let it wrap it's arms around me,  
I feel it sway against my body as I smile.  
So fill these lungs, let's make this last,  
Cause' I don't know if I will ever feel this way again...

Oh I'd split the sea again if I could,  
These scars are proof that I've felt love in all of it's best and all of it's worst,  
This is the day that I know, that I'm finally home, but the bitter sweet still stays...

I'm ready to breathe again,

(I'm ready to breathe again)  
I'm ready to breathe again,  
(I'm ready to breathe again)  
Said I'm ready to breathe again,  
(I'm ready to breathe again)  
I'm ready to breathe again,  
I'm ready to breathe.  
I'm ready to breathe again,  
I'm ready to breathe.

I'm ready to breathe again. (x5)
