Let's flow together like water
Til I can't tell you from me
A breaking wave is rolling
An endless sea

Let's burn much hotter than the sun
Til our flames incendiary
Life saving rays are speaking
From a distant star

There's this sound now
Follows us around
There's this sound now
Follows us around

Let's push through four dimensions
Til our brains turn to jelly
Meditate with no thinking
Eternally

Let's seek and reach for greatness
Become our true angelic
Let's resonate together
Live in me

There's this sound now
Follows us around
There's this sound now
Follows us around
There's this sound now
Follows us around
There's this sound now
Follows us around.
