So, aks me where I'm going  
I've got nothing to say  
I got empty handed since the day you've crossed my  
way  
The look of your eyes, the simple things you do  
Tied me up for good, that I lost myself to you

Ooooh you are, you are, you are...

You are the one I feel tonight  
You are the one I have in mind  
You are the one I feel tonight  
You are the one to get it right  
You are the one for me

So I said to myself: The girl is all you need!  
So, get it right now, and don't forget to breathe

The words come slowly, emotions interfere  
Read it from my lips! Then you'll know why I am here

Ooooh you are, you are, you are...

You are the one I feel tonight  
You are the one I have in mind  
You are the one I feel tonight  
You are the one to get it right  
You are the one for me

You say goodbye, turn and walk away  
Would you give me your answer and come back again!  
Good night, hope I wake up one day  
Wold you give me your answer!  
I'll wait here for you!
